Come ombre nelle tenebre Jul 24 2022 La tranquillità di un piccolo centro rurale viene scossa da una

efferata e sanguinosa rapina in villa. Stesa a terra non rimane la vittima prescelta, bensì uno dei predoni, sospettato di appartenere a una delle tante bande che scorrazzano nel Bel Paese nella quasi assoluta impunità. Gerry Donati, un investigatore privato, viene incaricato di recuperare il cospicuo bottino che i compari del morto sono riusciti a portar via. Con l'ausilio di un singolare collaboratore, indaga mettendo a nudo vizi e debolezze di una società perbenista e tranquilla solo in apparenza, scoprendo scomode e insospettabili verità. La vicenda si svolge nella cornice della ricca provincia veneta, nella quale i radicati costumi locali si intrecciano con le problematiche ormai globali dei nostri tempi.

Italian Literature: Il tristano panciaticchiano May 30 2020 The Arthurian Archives series of texts and editions in translation, edited by Norris J. Lacy, makes a start on Italian Arthurian material, with a 14c Tristan text. This is the first critical edition with English translation of the prose compilation *Tristano panciaticchiano*, preserved in a unique manuscript in the Biblioteca Nazionale of Florence (MS Panc. 33); it is the first time the Italian text has been published in its entirety in any form. Assembled by the mid-fourteenth century, the manuscript is an original compilation in Italian based on several French models: the *Queste del San Graal*, *Josephd'Arimathie*, the *Mort Artu*, and notably, the *Roman de Tristan en prose*. While the edition itself will be of great interest, the translation into English is a major opportunity for Arthurians and other medievalists, and furnishes important new evidence for the study of Arthurian material in Italy. Apparatus includes a finding list of Arthurian manuscripts produced, owned or read by Italians; a select bibliography; and an index of proper names found in the narrative.

Art and Authority in Renaissance Milan Oct 23 2019 Milan was one of the largest and most important cities in Renaissance Italy. Controlled by the Visconti and Sforza dynasties from 1277 until 1500, its rulers were generous patrons of the arts, responsible for commissioning major monuments throughout the city and for supporting artists such as Giovanni di Balduccio, Filarete, Bramante and Leonardo da Vinci. But the city was much more than its dukes. Milan had a distinct civic identity, one that was expressed, above all, through its neighbourhood, religious and charitable associations. This book moves beyond standard interpretations of ducal patronage to explore the often overlooked city itself, showing how the allegiances of the town hall and the parish related to those of the servants and aristocrats who frequented the Visconti and Sforza court. In this original and stimulating interdisciplinary study, Evelyn Welch illustrates the ways in which the myths of Visconti and Sforza supremacy were created. Newly discovered material for major projects such as the cathedral, hospital and castle of Milan permits a greater understanding of the political, economic and architectural forces that shaped these extraordinary buildings. The book also explores the wider social networks of the artists themselves. Leonardo da Vinci, for example, is de-mythologised: far from being an isolated, highly prized court artist, he spent his almost eighteen years in the city working within the wider Milanese community of painters, sculptors, goldsmiths and embroiderers. The broad perspective of the book

ensures that any future study of the Renaissance will have to re-evaluate the place of Milan in Italian cultural history.
