[Selected Poems](#) Apr 01 2020 The first bilingual volume of poems by leading Irish twentieth-century poet Seán Ó Riordáin

In the mid-twentieth century, a new generation of poets writing in Irish emerged, led by the young Seán Ó Riordáin,  
among others. Ó Riordáin's work has stood the test of time well, and he continues to engage today's Irish readers and  
writers. This well-rounded selection of poems brings most of Ó Riordáin's works to English-language readers for the  
first time. The poems appear in their original Irish alongside English translations by some of Ireland's leading poets.

Also included for the first time in English is Ó Riordáin's essay What is Poetry?, considered an extraordinary  
touchstone of critical insight for poets and literary commentators. The volume reflects Ó Riordáin's seven main  
concerns: poetry and its place in the artist's life; the plural self; the relationship between the individual and  
society; gender relations; the nature of animals; Ireland, its language and culture; and mortality.

Commentaries on the first book of Moses, called Genesis Mar 01 2020 This book was originally published prior to 1923,  
and represents a reproduction of an important historical work, maintaining the same format as the original work. While  
some publishers have opted to apply OCR (optical character recognition) technology to the process, we believe this leads  
to sub-optimal results (frequent typographical errors, strange characters and confusing formatting) and does not  
adequately preserve the historical character of the original artifact. We believe this work is culturally important in  
its original archival form. While we strive to adequately clean and digitally enhance the original work, there are  
occasionally instances where imperfections such as blurred or missing pages, poor pictures or errant marks may have been  
introduced due to either the quality of the original work or the scanning process itself. Despite these occasional  
imperfections, we have brought it back into print as part of our ongoing global book preservation commitment, providing  
customers with access to the best possible historical reprints. We appreciate your understanding of these occasional  
imperfections, and sincerely hope you enjoy seeing the book in a format as close as possible to that intended by the  
original publisher.

The Vulgate Bible, Volume I Jun 23 2019 The Vulgate Bible was used from the early Middle Ages through the twentieth century in the Western European Christian (and, later, specifically Catholic) tradition. This volume elegantly and affordably presents the text of the Pentateuch, the first five books of the Bible, beginning with the creation of the world and the human race, continuing with the Great Flood, God's covenant with Abraham, Israel's flight from Egypt and wanderings through the wilderness, the laws revealed to Moses, his mustering of the twelve tribes of Israel, and ending on the eve of Israel's introduction into the Promised Land. This is the first volume of the projected five-volume set of the complete Vulgate Bible.

An Inculturation Model of the Catholic Marriage Ritual Jan 23 2022 In An Inculturation Model of the Catholic Marriage Ritual, David William Antonio presents a model of how the Catholic Ritual of Marriage may be adapted to the language, culture and traditions of a particular people, specifically, the ilocanos of Northern Luzon in the Philippines. Vatican II called for the revision and adaptation of the rite of marriage, exhorting local churches to develop their own rites suited to their people's particular customs and traditions. The work of preparing a rite of marriage for a particular region cannot be limited to merely translating the typical edition. There has to be a thorough examination of both the editio typica and the people's religious and cultural traditions, the socio-economic and political realities that confront them, attending to the positive values expressed therein. Only a dialogical process such as this will guarantee a liturgy that is faithful to the Christian tradition and meaningful to a given people. An Inculturation Model of the Catholic Marriage Ritual will serve as a model for people of other cultures who have to do similar liturgical preparation and will be important especially to churches whose membership includes people who experienced colonization but never lost the riches of their own cultures in the blending of cultures and beliefs that followed.

Delphi Collected Works of Saint Jerome (Illustrated) May 15 2021 The most learned of the Latin Fathers, Saint Jerome had an eventful life, spending time as a hermit, becoming a priest, serving as secretary to Pope Damasus I and later establishing a monastery at Bethlehem. His most ambitious achievement was his Latin translation of the Bible, the Vulgate, based on a Hebrew version, rather than the Septuagint. He believed that mainstream Rabbinical Judaism had rejected the Septuagint as invalid scriptural texts, due to Hellenistic mistranslations. Jerome's numerous biblical, ascetical, monastic and theological works went on to have a profound influence in the early Middle Ages. Delphi's Ancient Classics series provides eReaders with the wisdom of the ancient world, with both English translations and the original Latin texts. This eBook presents Jerome's collected works, with illustrations, introductions and the usual Delphi bonus material. Ordines Coronationis Franciæ, Volume 2 May 03 2020 The ordines coronationis are essentially the scripts for the coronation of Frankish and French sovereigns. Combining detailed religious, ceremonial, and political material, they are

an extraordinarily important source for the study of individual rulers or dynasties, as well as for the study of kingship, queenship, and the evolution of political institutions. Complete in two volumes, Richard A. Jackson's is the first full edition of these texts, including all the ordines from the early thirteenth century through the end of the fifteenth century, a period during which the texts shift from Latin to the vernacular, and the institutions of kingship become distinctively French.
