**Sardar Vallabhbhai Patel** Jul 29 2022

Vallabhbhai Jhaverbhai Patel, popularly known as Sardar Patel, was the first Deputy Prime Minister of India. He was a barrister of repute and a man who played a leading role in the creation of India as we know it today. His integrity and character earned him the title 'Iron Man of India' as he left no stone unturned to unify India into one nation through excellent statesmanship, leadership, negotiating powers and sheer determination. His commitment to a unified India is the reason India's flag flies high as the tricolour today where all faiths, castes and creeds enjoy a uniquely harmonious culture.

Sardar's Letters, Mostly Unknown Aug 25 2019

Sardar Vallabhbhai Patel Dec 22 2021

Vallabhbhai Patel, popularly known as Sardar Patel, was an Indian barrister and statesman, one of the leaders of the Indian National Congress and one of the founding fathers of the Republic of India. He was a social leader who played a leading role in the country struggle for independence and guided its integration into a United, independent nation. Inspired by Mahatma Gandhi to join the freedom struggle, Patel was at the forefront of the Quit India movement and was arrested by the British a number of times. After Independence, he

served as India's first home minister and deputy prime minister. In India and elsewhere, he was often addressed as Sardar, which means chief in Hindi, Urdu and Persian. Sardar Patel was raised in the countryside of Gujarat. Patel was employed in successful practice as a lawyer. Patel subsequently organised peasants from Kheda, Borsad, and bardoli in Gujarat in non-violent civil disobedience against oppressive policies imposed by the British Raj; in this role, he became one of the most influential leaders in Gujarat. He rose to the leadership of the Indian National Congress and was at the forefront of rebellions and political events, organising the party for elections in 1934 and 1937, and promoting the Quit India movement.

Life and Speeches of Sardar Patel Oct 27 2019

Sardar Vallabhbhai Patel India's Iron Man Oct 20 2021 This biography of Sardar Vallabhbhai Patel is a comprehensive and vivid narration of his unique contribution to Mahatma Gandhi's struggle for India's freedom. Often called the 'Iron Man of India', he built the party machine through imposition of strict discipline, and as party boss, he supervised and directed the functioning of the Congress ministries

post-1937 provincial elections. Patel's post-1945 role concerned India's freedom, and also marked his growing disillusionment with his own party in the failure of the Cabinet Mission parleys. He wanted to keep Jinnah out in the cold but was outmanoeuvred by Wavell who got the Muslim League into the cabinet as an equal with the Congress. Realizing that united India had become an impossible notion and the country faced chaos and total disintegration, Patel rose above all consideration to save and consolidate what would be left of India after Partition. The history of the Gandhian era cannot be properly understood unless Patel is appreciated for what he did and achieved for India. This book is an attempt to fill that gap.

The Sardar of India Apr 25 2022

Sardar Vallabhbhai Patel Aug 30 2022 As prime minister of Britain, Winston Churchill had ordered the preparation of an imperial strategy with the intention of Balkanizing India and tightening Britain's post-war hold over her. The strategy envisaged two Pakistans, one in the west and the other in the east, both large in size at India's expense; the west to include the non-Muslim east Punjab; the east, the whole of Bengal (despite Hindus comprising almost half the population), and the predominantly Hindu Assam. Within her borders, India was to be Balkanized with the creation of independent confederations of princely states. Attlee's policy statement of 20 February 1947 was to implement the same, and Mountbatten was given the mandate to transfer power and quit India by June 1948, a date that was advanced to

August 1947. However, Sardar Vallabhbhai Patel foiled Churchill's strategy. This book examines Patel's extraordinary contribution, from his unflinching support to Gandhi's satyagrahas and the Indian freedom struggle, to his farsighted and courageous approach in building a strong, integrated India.

*Sardar Vallabhbhai Patel* Jun 23 2019 Sardar Vallabhbhai Patel, the Iron Man of India and great architect of modern India, is still alive in social and political fields of India. The work contains learned articles of renowned persons from India and some other countries of the world like Manoh

**The Man Who Saved India** Nov 28 2019

There is perhaps no political figure in modern history who did more to secure and protect the Indian nation than Sardar Vallabhbhai Patel. But, ironically, seventy years after Patel brought together piece by piece the map of India by fusing the princely states with British India to create a new democratic, independent nation, little is understood or appreciated about Patel's enormous contribution to the making of

India. Caricatured in political debate, all the nuances of Patel's difficult life and the daring choices he made are often lost, or worse, used as mere polemic. If Mahatma Gandhi was the spiritual core of India's freedom struggle and Jawaharlal Nehru its romantic idealism, it was Sardar Patel who brought in the vital pragmatism which held together the national movement and the first ideas of independent India. A naturally stoic man, Patel, unlike Gandhi or Nehru, wrote no personal history. He famously argued that it was better to create history than write it. This is why even his deepest misgivings and quarrels have been easily buried. But every warning that Patel left for India - from the dangers of allowing groups to create private militias to his thoughtful criticism on India's approach to Kashmir, Pakistan and China - are all dangerously relevant today. It is impossible to read about Patel, who died in 1950, and not feel that had he lived on, India might have been a different

country. It is also impossible to ignore Patel and understand not only what the idea of India is but also what it could have been, and might be in the future. *The Man Who Saved India* is a sweeping, magisterial retelling of Sardar Patel's story. With fiercely detailed and pugnacious anecdotes, multiple award-winning, best-selling writer Hindol Sengupta brings alive Patel's determined life of struggle and his furious commitment to keep India safe. This book brings alive all the arguments, quarrels and clashes between some of the most determined people in Indian history and their battle to carve out an independent nation. Through ravages of a failing body broken by decades of abuse in and outside prison, Patel stands out in this book as the man who, even on his death bed, worked to save India. Hindol Sengupta's *The Man Who Saved India* is destined to define Patel's legacy for future generations.
