**Children learning to read** Jun 25 2019 This is the second of a two-volume publication which provides an international perspective on how children learn to read. Research studies and classroom experiences from around the world are reported, highlighting implications for the design implementation and evaluation of classroom reading programmes. Contributions are included from the UK, USA, Canada, Australia, Jamaica and Israel with evidence drawn from over 18 countries. Despite the contexted differences, there are many common concerns and controversies. From these, three areas are identified: the first is developing an improved understanding of the nature of children's early reading development; the second is the consideration of the ways in which children's reading can be encouraged. This volume addresses the issues of curriculum and assessment in the context of accountability.

The Most Dangerous Game Sep 08 2020 From one of America's most popular short story writers and an Academy Award nominee: the O. Henry Award-winning tale that inspired the movie *The Hunt*. A subject of mysterious rumors and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale “has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill” (The Telegraph). “[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted.” —Criterion
