In the Realm of Hungry Ghosts Feb 19 2022 From bestselling author Gabor Maté, the essential resource for understanding the roots and behaviors of addiction--now with an added introduction by the author. Based on Gabor Maté's two decades of experience as a medical doctor and his groundbreaking work with the severely addicted on Vancouver's skid row, *In the Realm of Hungry Ghosts* radically reenvision this much misunderstood field by taking a holistic approach. Dr. Maté presents addiction not as a discrete phenomenon confined to an unfortunate or weak-willed few, but as a continuum that runs throughout (and perhaps underpins) our society; not a medical "condition" distinct from the lives it affects, rather the result of a complex interplay among personal history, emotional, and neurological development, brain chemistry, and the drugs (and behaviors) of addiction. Simplifying a wide array of brain and addiction research findings from around the globe, the book avoids glib self-help remedies, instead promoting a thorough and compassionate self-understanding as the first key to healing and wellness. *In the Realm of Hungry Ghosts* argues persuasively against contemporary health, social, and criminal justice policies toward addiction and those impacted by it. The mix of personal stories—including the author's candid discussion of his own "high-status" addictive tendencies—and science with positive solutions makes the book equally useful for lay readers and professionals.

General Relativity: The Essentials Jan 18 2022 In this short book, renowned theoretical physicist and author Carlo Rovelli gives a straightforward introduction to Einstein's General Relativity, our current theory of gravitation. Focusing on conceptual clarity, he derives all the basic results in the simplest way, taking care to explain the physical, philosophical and mathematical ideas at the heart of "the most beautiful of all scientific theories". Some of the main applications of General Relativity are also explored, for example, black holes, gravitational waves and cosmology, and the book concludes with a brief introduction to quantum gravity. Written by an author well known for the clarity of his presentation of scientific ideas, this concise book will appeal to university students looking to improve their understanding of the principal concepts, as well as science-literate readers who are curious about the real theory of General Relativity, at a level beyond a popular science treatment.

Black Skies Aug 21 2019 Arnaldur Indridason, whom *The Sunday Times* calls "one of the most brilliant crime writers of his generation," has thrilled readers around the world with his series set in Reykjavik. In *Black Skies*, Indridason further cements his position as one of today's top international crime writers. A man is making a crude leather mask with an iron spike fixed in the middle of the forehead. It is a "death mask," once used by Icelandic farmers to slaughter calves, and he has revenge in mind. Meanwhile, a school reunion has left Inspector Erlendur's colleague Sigurdur Óli unhappy with life in the police force. While Iceland is enjoying an economic boom, Óli's relationship is on the rocks and soon even his position in the department is compromised. When a favor to a friend goes wrong and a woman dies before his eyes, Oli has a murder investigation on his hands. From the villas of Reykjavik's banking elite to a sordid basement flat, *Black Skies* is a superb story of greed, pride, and murder from one of Europe's most successful crime writers. "A sophisticated and complex thriller." --Kirkus

Where I Was From May 30 2020 In this moving and unexpected book, Joan Didion reassesses parts of her life, her work, her history, and ours. *Where I Was From*, in Didion's words, "represents an exploration into my own confusions about the place and the way in which I grew up, confusions as much about America as about California, misapprehensions and misunderstandings so much a part of who I became that I can still to this day confront them only obliquely." The book is a haunting narrative of how her own family moved west with the frontier from the birth of her great-great-great-great-great-grandmother in Virginia in 1766 to the death of her mother on the edge of the Pacific in 2001; of how the wagon-train stories of hardship and abandonment and endurance created a culture in which survival would seem the sole virtue. In *Where I Was From*, Didion turns what John Leonard has called "her sonar ear, her radar eye" onto her own work, as well as that of such California writers as Frank Norris and Jack London and Henry George, to examine how the folly and recklessness in the very grain of the California settlement led to the California we know today—a state mortgaged first to the railroad, then to the aerospace industry, and overwhelmingly to the federal government, a dependent colony of those political and corporate owners who fly in for the annual encampment of the Bohemian Club. Here is the one writer we always want to read on California showing us the startling contradictions in its—and in America's—core values. Joan Didion's unerring sense of America and its spirit, her acute interpretation of its institutions and literature, and her incisive questioning of the stories it tells itself make this fiercely intelligent book a provocative and important tour de force from one of our greatest writers. From the

Hardcover edition.

*Duffy* Jul 20 2019 In the grimy underbelly of London, private detective Duffy takes on an extortion case and finds himself pitted against one of the city's most dangerous crime lords Rosie McKechnie was alone when the two men entered her home, tied her to a chair, and cut her with a switchblade. It was a message for her husband, Brian. To outside appearances, Brian McKechnie is just a businessman. But to Big Eddy Martoff, London's underworld kingpin, McKechnie is a big fat mark. With a history of crooked business deals and extramarital affairs, McKechnie is the perfect target. To beat back the blackmail, McKechnie needs someone who understands lowlifes like Martoff—and Nick Duffy knows lowlifes. Duffy was a copper until four years ago, when malicious rumors about his sex life ripped through the force. Now he is in private security, and McKechnie's case is one he cannot refuse. Duffy, no stranger to his city's seedier offerings, dives into a world of prostitutes, hoods, and porn moguls. Can he find a way to put the pinch on Big Eddy before Soho swallows him whole?

*The Conquest of Bread* Sep 14 2021 "The Conquest of Bread" is an 1892 work by Peter Kropotkin. Kropotkin outlines what he believes are the main problems with both feudalism and capitalism, and explains why they require and encourage poverty and scarcity through the description of a future society based on liberty, equality and fraternity. A must-read for those with an interest in anarchy, communism, or libertarianism. Contents include: "Our Riches", "Well-Being for All", "Anarchist Communism", "Expropriation", "Food", "Dwellings", "Clothing", "Ways and Means", "The Need for Luxury", "Agreeable Work", "Free Agreement", "Objections", "The Collectivist Wages System", "Consumption and Production", "The Division of Labour", etc. Pyotr Alexeyevich Kropotkin (1842–1921) was a Russian writer, activist, revolutionary, economist, scientist, sociologist, essayist, historian, researcher, political scientist, geographer, biologist, philosopher and advocate of anarcho-communism. He was a prolific writer, producing a large number of pamphlets and articles, the most notable being "The Conquest of Bread and Fields, Factories and Workshops" and "Mutual Aid: A Factor of Evolution". This classic work is being republished now in a new edition complete with an excerpt from "Comrade Kropotkin" by Victor Robinson.

*Quantum Gravity* Jun 11 2021 Quantum gravity is perhaps the most important open problem in fundamental physics. It is the problem of merging quantum mechanics and general relativity, the two great conceptual revolutions in the physics of the twentieth century. The loop and spinfoam approach, presented in this 2004 book, is one of the leading research programs in the field. The first part of the book discusses the reformulation of the basis of classical and quantum Hamiltonian physics required by general relativity. The second part covers the basic technical research directions. Appendices include a detailed history of the subject of quantum gravity, hard-to-find mathematical material, and a discussion of some philosophical issues raised by the subject. This fascinating text is ideal for graduate students entering the field, as well as researchers already working in quantum gravity. It will also appeal to philosophers and other scholars interested in the nature of space and time.

*The Best American Essays 2016* Mar 20 2022 The National Book Award-winning author compiles a "thought-provoking volume" of essays by Joyce Carol Oates, Oliver Sacks, Jaquira Diaz and others (Publishers Weekly). As Jonathan Franzen writes in his introduction, his main criterion for selecting *The Best American Essays 2016* "was whether an author had taken a risk." The resulting volume showcases authorial risk in a variety of forms, from championing an unpopular opinion to the possibility of ruining a professional career, or irrevocably alienating one's family. What's gained are essential insights into aspects of the human condition that would otherwise remain concealed—from questions of queer identity, to the experience of a sibling's autism and relationships between students and college professors. *The Best American Essays 2016* includes entries by Alexander Chee, Paul Crenshaw, Jaquira Diaz, Laura Kipnis, Amitava Kumar, Sebastian Junger, Joyce Carol Oates, Oliver Sacks, George Steiner, Thomas Chatterton Williams, and others.

*Nineteen Tales of Covid-19* Sep 21 2019 The stories in this book are written by people like you who have been shocked and forced to make big changes to their lives due to novel coronavirus that was first recognized in 2019, the powerful COVID-19. You'll find many stories in here that will make you smile, or nod your head based on shared experiences. A few will make you cry, and others will make you laugh out loud. They cover a wide number of subjects including COVID conspiracy stories, covid romances, and some writers describe coronavirus mental health impacts. One writer has provided a handy checklist so you can be prepared for the second wave or even another pandemic. Another tells us her story of being trapped in a tiny cabin on the Diamond Princess, the cruise ship quarantined in Japan. The sudden shut down of the travel industry also affected those who specialized on helping people enjoy their dream vacations and so many were others were made to work from home or became unemployed due to the subsequent depression of the economy. This once in a lifetime experience has both devastated people and unified them. One thing we know is that writing and sharing stories heals. Grab your copy and enjoy nineteen tales of COVID-19.

*Outrage* Feb 25 2020 "Indridason fills the void that remains after you've read Stieg Larsson's novels." —USA Today Arnaldur Indridason has proven himself to be a master of the mystery genre with his critically acclaimed Inspector Erlunder series, which has sold more than 7 million copies worldwide. Now, in *Outrage*, this superlative crime writer author has written his best book to date, with exceptional prose, heart pounding suspense, and a mystery that is not solved until the last page. Haunted by personal demons, Detective Erlunder decides to take a short leave of absence, putting a female detective, Elínborg, in charge while he is gone. When a troubling case lands on Elínborg's desk, she's quickly thrust into a violent and volatile situation with extremely high stakes. Soon, her investigation uncovers a twisted tale of double lives that may be connected to the unsolved disappearance of a young girl. The clock is ticking to solve the case before a serial rapist strikes again. Reviewers everywhere rave about Indridason's smart and fast-paced Reykjavik thrillers, which exemplify the very best in international crime fiction. Perfect for the many devoted fans of this series as well as for the reader who's never visited Iceland through Indridason's books, *Outrage* will lead you down a trail of hidden violence, psychological brutality, and wrongs that may never fully be righted.

*Chronicles from the Future* Oct 27 2022 In 1921, Paul Amadeus Dienach, a Swiss-Austrian teacher with fragile health, falls into a one-year-long coma. During this time, his consciousness slides into the future and enters the body of another man in 3906 A.D. When Dienach awakens from his coma, he finds himself back in 1922. Knowing that he doesn't have much time left, he writes a diary, recording whatever he could

remember from his amazing experience: the mankind's history in the forthcoming centuries, from the nightmare of overpopulation and World Wars up until the world-changing globalisation, the radical new administration system, the colony on Mars and the next human evolutionary stage. Without any close friends and relatives to entrust, he doesn't say a word to anyone out of fear of being branded a lunatic. Before he dies, he hands his diary to his favourite student, George Papachatzis, later prominent Professor of Law and Rector of Panteion University of Greece. The diary circulates as hidden knowledge amongst high ranking masons in the lodges of Athens. In 1972, professor Papachatzis, despite an intense dispute, decides to publish Dienach's diary in Greek. Paul Dienach was not an author, poet, or professional writer. Rather, he was an ordinary man who kept a journal, never with the expectation that it would be published. This unique and controversial book, a universal legacy, is now carefully edited, translated and available to everyone. This is the history of our future! We deliver it to you."

*You are Legend* Jul 12 2021 "Mothers! Women! When the years pass by and the wounds of war are stanch'd; when the memory of the sad and bloody days dissipates in a present of liberty, of peace and of well-being ... speak to your children. Tell them of these men of the International Brigades." Dolores Ibarruri, 'La Pasionaria', Madrid 1938 Almost 200 Welshmen volunteered to join the International Brigade and travelled to Spain to fight fascism with the Republicans during the 1936-1939 Spanish Civil War. Whilst over 150 returned home, at least 35 died during the brutal conflict. *You Are Legend* is their remarkable story. Lovingly and thoroughly researched by Graham Davies, *You Are Legend* outlines the motives, values and actions of the volunteers from Wales, by exploring the social, cultural, religious and political context of Wales during the 1930s. It also provides a fascinating insight into who they were, their political backgrounds, and follows their journeys to Spain, their experiences in a series of key battles fought by the British Battalion, before documenting their deaths or safe return to Wales. Politically active as trade unionists, members of the Communist or Labour parties, and hunger marchers; many were unemployed miners and most were working class with the fighting spirit of the coalfield and the impoverished. Unprepared and sometimes incredulous, these volunteers became immersed in a civil war which created a rupture in the heart of Spain which has never fully healed. *You Are Legend* is the first book to fully document all of the Welsh volunteers.

*Poirot's Early Cases* Nov 16 2021 Captain Hastings recounts 18 of Poirot's early cases from the days before he was famous! Hercule Poirot delighted in telling people that he was probably the best detective in the world. So turning back the clock to trace eighteen of the cases which helped establish his professional reputation was always going to be a fascinating experience. With his career still in its formative years, the panache with which Hercule Poirot could solve even the most puzzling mystery is obvious. Chronicled by his friend Captain Hastings, these eighteen early cases - from theft and robbery to kidnapping and murder - were all guaranteed to test Poirot's soon-to-be-famous 'little grey cells' to their absolute limit.

*The Lost Flowers of Alice Hart* Aug 13 2021 An enchanting and captivating novel about how our untold stories haunt us — and the stories we tell ourselves in order to survive. After her family suffers a tragedy, nine-year-old Alice Hart is forced to leave her idyllic seaside home. She is taken in by her grandmother, June, a flower farmer who raises Alice on the language of Australian native flowers, a way to say the things that are too hard to speak. Under the watchful eye of June and the women who run the farm, Alice settles, but grows up increasingly frustrated by how little she knows of her family's story. In her early twenties, Alice's life is thrown into upheaval again when she suffers devastating betrayal and loss. Desperate to outrun grief, Alice flees to the dramatically beautiful central Australian desert. In this otherworldly landscape Alice thinks she has found solace, until she meets a charismatic and ultimately dangerous man. Spanning two decades, set between sugar cane fields by the sea, a native Australian flower farm, and a celestial crater in the central desert, *The Lost Flowers of Alice Hart* follows Alice's unforgettable journey, as she learns that the most powerful story she will ever possess is her own.

*The Shadow Killer* Aug 01 2020 *The Shadow Killer* is the extraordinary second book in the compelling new series from award-winning Icelandic author Arnaldur Indridason, following *The Shadow District*. "Indridason is an international literary phenom." —Harlan Coben "Puts Iceland on the map as a major destination for enthusiasts of Nordic crime fiction." —Marilyn Stasio, *The New York Times Book Review* "One of the most brilliant crime writers of his generation." —*The London Sunday Times* "No wonder Arnaldur Indridason won so many awards. He's a great storyteller, and American readers will overwhelmingly agree." —C.J. Box A man is found murdered in a small apartment in Reykjavík, shot in the head with a pistol. The police's attention is immediately drawn to the foreign soldiers who are on every street corner in the summer of 1941. So begins officers Flóvent and Thorson's investigation, which will lead them down a path darker than either of them expected, and force them to reckon with their own demons.

*The Last Thing He Wanted* Sep 02 2020 NATIONAL BESTSELLER • "Didion at her finest" —USA Today • An intricate, fast-paced novel about trying to create a context for democracy and getting hands a little dirty in the process, complete with conspiracies, arms dealing, and assassinations. From the author of *The Year of Magical Thinking* and *Let Me Tell You What I Mean* The narrator introduces Elena McMahon,

estranged from a life of celebrity fundraisers and from her powerful West Coast husband, Wynn Janklow, whom she has left, taking Catherine, her daughter, to become a reporter for *The Washington Post*. She finds herself boarding a plane for Florida to see her father. She becomes embroiled in her his business even though "she had trained herself since childhood not to have any interest in what he was doing." It is from this moment that she is caught up in something much larger than she could have imagined. Didion makes connections among Dallas, Iran-Contra, and Castro, and points out how "spectral companies with high-concept names tended to interlock." As this book builds to its terrifying finish, we see the underpinnings of a dark historical underbelly.

*The 8 Brokens* Jan 06 2021 A rediscovery and appreciation of an intriguing form of Chinese painting in the late 19th and early 20th centuries that encoded messages about modern society in realistic depictions of fragments from China's past. Developed during the mid-19th century in China, the *bapo* 'eight brokens' painting genre combines ingeniously realistic depictions of antique documents, such as calligraphies, rubbings, paintings, and pages from old books, sometimes alongside everyday contemporary ephemera including advertisements, receipts, and postmarked envelopes. The resulting seemingly haphazard, overlapping compositions contain coded reflections on the decay of cultural traditions, or wishes for the recipient's good fortune. This book explores the origins of *bapo* in Chinese visual culture and traces how it blossomed into an intriguing and inventive tradition in the hands of many artists.

*Becoming Myself* Apr 09 2021 Bestselling writer and psychotherapist Irvin D. Yalom puts himself on the couch in a lapidary memoir Irvin D. Yalom has made a career of investigating the lives of others. In this profound memoir, he turns his writing and his therapeutic eye on himself. He opens his story with a nightmare: He is twelve, and is riding his bike past the home of an acne-scarred girl. Like every morning, he calls out, hoping to befriend her, "Hello Measles!" But in his dream, the girl's father makes Yalom understand that his daily greeting had hurt her. For Yalom, this was the birth of empathy; he would not forget the lesson. As *Becoming Myself* unfolds, we see the birth of the insightful thinker whose books have been a beacon to so many. This is not simply a man's life story, Yalom's reflections on his life and development are an invitation for us to reflect on the origins of our own selves and the meanings of our lives.

*Principal Tate Is Running Late!* Jul 24 2022 When their principal is running late, all members of Hardy School must work together to keep things running smoothly! *When the Body Says No* Dec 17 2021 NATIONAL BESTSELLER In this accessible and groundbreaking book -- filled with the moving stories of real people -- medical doctor and bestselling author of *Scattered Minds*, Gabor Maté, shows that emotion and psychological stress play a powerful role in the onset of chronic illness. Western medicine achieves spectacular triumphs when dealing with acute conditions such as fractured bones or life-threatening infections. It is less successful against ailments not susceptible to the quick ministrations of scalpel, antibiotic or miracle drug. Trained to consider mind and body separately, physicians are often helpless in arresting the advance of most of the chronic diseases, such as breast cancer, rheumatoid arthritis, Crohn's disease, multiple sclerosis, fibromyalgia, and even Alzheimer's disease. Gabor Maté has found that in all of these chronic conditions, there is a common thread: people afflicted by these diseases have led lives of excessive stress, often invisible to the individuals themselves. From an early age, many of us develop a psychological coping style that keeps us out of touch with the signs of stress. So-called negative emotions, particularly anger, are suppressed. Dr. Maté writes with great conviction that knowledge of how stress and disease are connected is essential to prevent illness in the first place, or to facilitate healing. *When the Body Says No* is an impressive contribution to current research on the physiological connection between life's stresses and emotions and the body systems governing nerves, immune apparatus and hormones. With great compassion and erudition, Gabor Maté demystifies medical science and, as he did in *Scattered Minds*, invites us all to be our own health advocates. Excerpt from *When the Body Says No* "Only an intellectual luddite would deny the enormous benefits that have accrued to humankind from the scrupulous application of scientific methods. But not all aspects of illness can be reduced to facts verified by double-blind studies and by the strictest scientific techniques. We confine ourselves to a narrow realm indeed if we exclude from accepted knowledge the contributions of human experience and insight. . . . "In 1892 William Osler, one of the greatest physicians

of all time, suspected rheumatoid arthritis to be a stress-related disorder. Today rheumatology all but ignores that wisdom, despite the supporting scientific evidence that has accumulated in the 110 years since Osler first published his text. That is where the narrow scientific approach has brought the practice of medicine. Elevating modern science to be the final arbiter of our sufferings, we have been too eager to discard the insights of previous ages.”

[Salvador](#) Nov 04 2020 "Terror is the given of the place." The place is El Salvador in 1982, at the ghastly height of its civil war. Didion "brings the country to life" (The New York Times), delivering an anatomy of a particular brand of political terror—its mechanisms, rationales, and intimate relation to United States foreign policy. As ash travels from battlefields to body dumps, Didion interviews a puppet president, and considers the distinctly Salvadoran grammar of the verb "to disappear." Here, the bestselling, award-winning author of The Year of Magical Thinking and Let Me Tell You What I Mean gives us a book that is germane to any country in which bloodshed has become a standard tool of politics.

[Scattered Minds](#) Oct 03 2020 In this breakthrough guide to understanding, treating, and healing Attention Deficit Disorder, Dr. Gabor Maté, an adult with ADD and the father of three ADD children, shares information on: · The external factors that trigger ADD · How to create an environment that promotes health and healing · Ritalin and other drugs · ADD adults ...and much more Attention Deficit Disorder (ADD) has remained a controversial topic in recent years. Whereas other books on the subject describe the condition as inherited, Dr. Maté believes that our social and emotional environments play a key role in both the cause of and cure for this condition. In Scattered, he describes the painful realities of ADD and its effect on children as well as on career and social paths in adults. While acknowledging that genetics may indeed play a part in predisposing a person toward ADD, Dr. Maté moves beyond that to focus on the things we can control: changes in environment, family dynamics, and parenting choices. He draws heavily on his own experience with the disorder, as both an ADD sufferer and the parent of three diagnosed children. Providing a thorough overview of ADD and its treatments, Scattered Minds is essential and life-changing reading for the millions of ADD sufferers in North America today.

[Momma And The Meaning Of Life](#) Oct 23 2019 As the public grows disillusioned with therapeutic quick fixes, people are looking for a deeper psychotherapeutic experience to make life more meaningful and satisfying. What really happens in therapy? What promises and perils does it hold for them? No one writes about therapy - or indeed the dilemmas of the human condition - with more acuity, style, and heart than Irvin Yalom. Here he combines the storytelling skills so widely praised in Love's Executioner with the wisdom of the compassionate and fully engaged psychotherapist. In these six compelling tales of therapy, Yalom introduces us to an unforgettable cast of characters: Paula, who faces death and stares it down; Magnolia, into whose ample lap Yalom longs to pour his own sorrows; Irene, who learns to seek out anger and plunge into it. And there's Momma, old-fashioned, ill-tempered, who drifts into Yalom's dreams and tramples through his thoughts. At once wildly entertaining and deeply thoughtful, Momma and the Meaning of Life is a work of rare insight and imagination.

[Confucius from the Heart](#) Oct 15 2021 Presents an introduction to Confucius' work "The Analects," discussing how the Chinese philosopher's advice for achieving inner spiritual harmony and peace can be applied to everyday situations in modern life.
