Compendium of GST FORMS and relevant Notifications issued from June 2017 upto October 2020 [02 2022](#) This book basically consist of compilation of all GST FORMS prescribed under CGST Act, 2017/CGST Rules, 2017 and compilation of relevant provisions of CGST Act 2017 and CGST Rules 2017 [as amended till 31.10.2020] together with all Notifications, Circulars, Orders issued during 01.07.2017 to 31.10.2020. Government has issued more than 400 Notifications and more than 100 Circulars and Orders during last three years, which are relevant to the subject matter of this book, and these references are difficult to view at one place chronologically, when needed for tracking of Compliances of GST provisions as governed by the various GST FORMS. This eBook is aimed at mitigating such difficulty, by arranging all those Notifications, Circulars, provisions of Act and Rules chronologically, at one place, subject wise, so that it becomes easy reference for reader to access and view them, when needed, instantly.

Accordingly, we have created 19 groups of FORMS and all the provisions of Act and Rules and Notifications, Circulars, Orders have been placed below each Group for easy reference. Apart from these 19 groups few more groups have been created for Compilation of Late fee and interest waiver notifications, compilation of provisions of newly inserted Section 168A in CGST Act, 2017 and notifications and circulars issued thereunder. We have also compiled all other allied GST acts for ready reference. With the introduction of Central Goods and Services Tax Act, the Government decided to move towards IT based implementation of GST Law across India. More than 180 different FORMS have been introduced under this legislation for monitoring the Compliances and most of these forms are mandatorily required to be filed Electronically. As on date more than 150 Forms are already available on GSTN Portal for Taxpayers as well as Tax Authorities. On this background, these Forms assume extreme importance when it comes to implementation of the GST Law and therefore this book will be handy for Business / Industry / Trade as well as Government and Statutory Auditors while tracking the Compliance for past three years. We are hopeful that this Compilation will be useful for all stakeholders. We propose to update this book periodically and we are open for any suggestion from stakeholders. Disclaimer Utmost care has been taken to download and reproduce and compile these notifications, Forms, Circulars, Orders, GST flyers from CBIC.gov.in official website, however for any reference of the provisions of Act, Rules, Notifications, Circulars and Orders for litigation purpose before judicial authorities, should be drawn from official website of the Govt.

There are mainly two types of GST viz. Central GST and State GST. For transaction within a State, there are two components of GST Central GST (CGST) and State GST (SGST) being levied on the value of goods and services. In case of inter-state transactions, the Centre would levy and collect the Integrated GST (IGST). The IGST would roughly be equal to CGST plus SGST. Central Government levied CGST for intra-State supply and IGST for inter-State supply. State Governments including Union Territories with legislatures levied SGST or Union territories without legislatures levied UTGST for intra-State supply. The Goods and Services Tax (GST) has simplified indirect tax in India. Previously, the indirect tax structure comprises of so many different taxes levied by the Central Government (Central Excise duty, Additional duties of excise, Additional duties of customs, Service Tax) and taxes levied by the various State Governments (State VAT / Sales Tax, Central Sales Tax, Purchase Tax, Entertainment Tax, Luxury Tax, Entry Tax, Taxes on lottery, betting & gambling). But now almost all Indirect Taxes unified as GST across the country on Goods and Services. However, Basic Customs Duty, Export Duty, Toll Tax, Road and Passenger Tax, Electricity Duty, Stamp Duty and Property Tax has not been subsumed in GST. Winward Fearon on Collateral Warranties Sep 28 2019 Since this book was first published over ten years ago, collateral warranties have been used increasingly by funding institutions, building purchasers and tenants to create a contractual relationship between themselves and other parties involved in the project, whether architect, engineer, contractor or subcontractor. Indeed, collateral warranties are now being used to create primary contractual obligations. There have been some immensely important developments in the law relating to collateral warranties since the first edition. The Contracts (Rights of Third Parties) Act 1999 has introduced radical new developments into English contract law. The book now includes a completely new chapter on the legislation, which also looks at the potential practical uses of the Act on development projects. The House of Lords has handed down a number of key decisions recently on third party remedies and on the principles relating to damages on assignment (such as Linden Gardens, Panatow, Henderson v. Merrett Syndicates and White v. Jones). These and some 65 other new cases are considered in the new edition. Finally, a number of standard forms of warranty have been issued and these are now discussed, in particular the new JCT standard form of warranty for main contractors and subcontractors. This immensely important book was widely welcomed when it was first published. The new edition has been thoroughly updated and will continue to be the authoritative reference on the subject. "David Cornes and Richard Winward's book is a veritable mine of such information and is eminently readable" Construction News 16/05/02 "For those of you working in construction, managing building or indeed other contracts, you must have at least one authoritative source of advice and information.
