[Calliope](#) Jan 11 2021 [Calliope](#) is a literary novel. In its simplest form, it is the story of a man longing to become the young, idealistic person he once was when the world seemed completely open to promise. It is the desire to re-experience life with all the naiveté and hope of romantic youth. In its allegorical form, the story explores such themes as purpose, morality, social convention, materialism and happiness. When the protagonist meets an orange-haired girl, his life is forever altered. Her name is Calliope, and what occurs throughout the rest of the novel is a wild, episodic fugue. The flight becomes a frenetic interlacing through wilderness and civilization, this being an allusion to Jean-Jacques Rousseau's Discourse on Inequality. The wilderness comes to represent a path back to the primal self, while civilization is more dubious representing both the potential for corruption, as well as the great heights of artistic and rational endeavors. Yet while on the journey, the protagonist is forced to look at life anew in part due to the somewhat unscrupulous efforts of Calliope. Morality is examined through the eyes of Calliope, who is by all intensive purposes Greek, which means pre-Christian. Her moral code is not affected by the guilt of Christianity. Her nakedness throughout the novel in part symbolizes a complete lack of shame. As for her beliefs, an understanding of Friedrich Nietzsche's perspectivism best represents her values. This allows the protagonist an opportunity to erase everything that he has learned. All custom, all forms of etiquette, religious belief, habit and convention must be forgotten in order to re-experience the world with the sense of wonderment he so eagerly longs for. With no ties to the world, he embarks upon an epic voyage of silliness and profound examination. Lured along by this electric, orange-haired muse, he becomes convinced that she is either bent upon his supreme salvation or utter damnation. What is so amazing about the entire journey is where they both end up—a location which seems to be the last place the protagonist was in complete control of his destiny. Therefore, a true chance to begin again is perhaps realized.

[While Mommy Is Out](#) Jan 29 2020 In every child's life there comes a point when he or she realizes that the babysitter coming means Mommy is leaving. Whether the child has known the babysitter for his or her whole life, or whether she is a complete stranger, it's terrifying to be left behind—and worse to wonder if Mommy will ever come back. Follow Little One's adventures as Mommy says good-bye and he meets his babysitter for the first time. He'll face his biggest fears, make a new friend, and hug his Mommy once again. This book, inspired by real events, is an exceptional narrative for children who need an introduction to what a babysitter is and why she really isn't so scary after all, as well as reassurance that Mommy will always come back home to her Little One in the end.

[My Overdue Book](#) Jan 23 2022 [My Overdue Book: Too many stories not to tell:](#) spells out the varied episodes in the life of a man who spent decades working in Hollywood. He began as a little boy in Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960's. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. Following his wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are personal, professional, positive and negative. It's life without a filter! Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken ehrlich, executive

**Torrid Affair** Oct 27 2019 I'm fucked. The life I have lived for the past ten years is built solely on lies and secrets. But I can't help myself. I'm in love with two different men. And one of them is my brother-in-law. He's my drug. My fire. My addiction. But he's married to my best friend. And I'm married to my husband. I'm not ashamed. I have no guilt. None. I'm not fucked. I'm a fucked up person. This is the story of how I ruined my life. And the life of the one I loved most.

**Betty Broderick** Mar 01 2020 What do you do when you have struggled loyally for years beside your husband, living in financial hardship as you bring up your joint children virtually as a single mother, working toward the good times that you can see coming for all of you, only to discover that your husband is committing adultery and is planning to leave you? Worse, he aggressively denies his affair, denouncing you as crazy to your face and to everyone you know, while he schemes to walk off with everything you have worked so hard for as he is reborn into a new life with a star-struck younger woman, as pretty as you once were, who will enjoy everything you have invested in - your financial security, your home-life and even your children. Worse still, he is a notoriously hard-ball lawyer with every intention of crushing you in any way he can, of erasing you from his life, of reducing you to nothing, so that he can move on as if you never existed. Daniel T. Broderick III's relentless harassment of his discarded wife, Betty, made her increasingly crazy as he and his girlfriend - then second wife - Linda Kolkona Broderick piled on the pressure, until one day, on November 5, 1989, at her wits' end and believing herself to be acting in self-defense, she confronted them in the early hours of the morning and in a panic shot them both dead. A multitude of onlookers has absolved Betty for what she did. Many even admire her, especially if they have suffered similar fates to hers. One juror at her trial openly questioned why she had taken so long to kill Dan under such extreme provocation. Now, twenty-five years into a thirty-two year to life prison sentence for her second-degree murder of Dan and Linda Broderick, Betty has reluctantly decided to give her personal account of what led up to that fatal and fateful day, when all three of their futures came violently and abruptly to an end.

**Beowulf** Aug 30 2022 This is the story of a young man who travelled far across the sea to fight two terrifying monsters—one who could rip a man apart and drink his blood, the other who lived like a sea-wolf at the bottom of a dark, blood-stained lake. The young hero's name was Beowulf, and his story, first written in Anglo-Saxon in the eighth century, has become one of the world's most famous epics. Kevin Crossley-Holland retells the story for children in quick-paced, rhythmical prose accompanied by Charles Keeping's striking illustrations. Together they bring to life the beauty and power of one of the first great English poems.

**Beowulf** Nov 01 2022 He comes out of the darkness, moving in on his victims in deadly silence. When he leaves, a trail of blood is all that remains. He is a monster, Grendel, and all who know of him live in fear. Hrothgar, the king of the Danes, knows something must be done to stop Grendel. But who will guard the great hall he has built, where so many men have lost their lives to the monster while keeping watch? Only one man dares to stand up to Grendel's fury --Beowulf.

**The Road** Mar 25 2022 NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*.

**Telling Tales about Jesus** Feb 21 2022 What are the Gospels and what does it mean to read them? Warren Carter leads the beginning student in an inductive exploration of the New Testament Gospels, asking about their genre, the view that they were written by eyewitnesses, the early church traditions about them, and how they employ Hellenistic biography. He then examines the distinctive voice of each Gospel, describing the "tale about Jesus" each writer tells, then presenting likely views regarding the circumstances in which they were written, giving particular attention to often overlooked aspects of the Roman imperial setting. A sociohistorical approach suggests that Mark addressed difficult circumstances in imperial Rome; redaction criticism shows that Matthew edited traditions to help define identity in competition with synagogue communities in response to a fresh assertion of Roman power; a literary-thematic approach shows that Luke offers assurance in a context of uncertainty; an intertextual approach shows how John used Wisdom traditions to present Jesus as the definitive revealer of God's presence to answer an ancient quest for divine knowledge. A concluding chapter addresses how the Gospels inform and shape our understanding of Jesus of Nazareth. Maps, images, sidebars, and questions for reflection add value to this student-friendly text.

**Unsettled** Sep 18 2021 "Unsettled is a remarkable book—probably the best book on climate change for the intelligent layperson—that achieves the feat of conveying complex information clearly and in depth." —Claremont Review of Books "Surging sea levels are inundating the coasts." "Hurricanes and tornadoes are becoming fiercer and more frequent." "Climate change will be an economic disaster." You've heard all this presented as fact. But according to science, all of these statements are profoundly misleading. When it comes to climate change, the media, politicians, and other prominent voices have declared that "the science is settled." In reality, the long game of telephone from research to reports to the popular media is corrupted by misunderstanding and misinformation. Core questions—about the way the climate is responding to our influence, and what the impacts will be—remain largely unanswered. The climate is changing, but the why and how aren't as clear as you've probably been led to believe. Now, one of America's most distinguished scientists is clearing away the fog to explain what science really says (and doesn't say) about our changing climate. In *Unsettled: What Climate Science Tells Us, What It Doesn't, and Why It Matters*, Steven Koonin draws upon his decades of experience—including as a top science advisor to the Obama administration—to provide up-to-date insights and expert perspective free from political agendas. Fascinating, clear-headed, and full of surprises, this book gives readers the tools to both understand the climate issue and be savvy consumers of science media in general. Koonin takes readers behind the headlines to the more nuanced science itself, showing us where it comes from and guiding us through the implications of the evidence. He dispels popular myths and unveils little-known truths: despite a dramatic rise in greenhouse gas emissions, global temperatures actually decreased from 1940 to 1970. What's more, the models we use to predict the future aren't able to accurately describe the climate of the past, suggesting they are deeply flawed. Koonin also tackles society's response to a changing climate, using data-driven analysis to explain why many proposed "solutions" would be ineffective, and discussing how alternatives like adaptation and, if necessary, geoengineering will ensure humanity continues to prosper. *Unsettled* is a reality check buoyed by hope, offering the truth about climate science that you aren't getting elsewhere—what we know, what we don't, and what it all means for our future.

**The Telling Room** Jun 27 2022 NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • Entertainment Weekly • Kirkus Reviews • The Christian Science Monitor In the picturesque village of Guzmán, Spain, in a cave dug into a hillside on the edge of town, an ancient door leads to a cramped limestone chamber known as "the telling room." Containing nothing but a wooden table and two benches, this is where villagers have gathered for centuries to share their stories and secrets—usually accompanied by copious amounts of wine. It was here, in the summer of 2000, that Michael Paterniti found himself listening to a larger-than-life Spanish cheesemaker named Ambrosio Molinos de las Heras as he spun an odd and compelling tale about a piece of cheese. An unusual piece of cheese. Made from an old family recipe, Ambrosio's cheese was reputed to be among the finest in the world, and was said to hold mystical qualities. Eating it, some claimed, conjured long-lost memories. But then, Ambrosio said, things had gone horribly wrong. . . . By the time the two men exited the telling room that evening, Paterniti was hooked. Soon he was fully embroiled in village life, relocating his young family to Guzmán in order to chase the truth about this cheese and explore the fairy tale—like place where the villagers conversed with farm animals, lived by an ancient Castilian code of honor, and made their wine and food by hand, from the grapes growing on a nearby hill and the flocks of sheep floating over the Meseta. What Paterniti ultimately discovers there in the highlands of Castile is nothing like the idyllic slow-food fable he first imagined. Instead, he's sucked into the heart of an unfolding mystery, a blood feud that includes accusations of betrayal and theft, death threats, and a murder plot. As the village begins to spill its long-held secrets, Paterniti finds himself implicated in the very story he is writing. Equal parts mystery and memoir, travelogue and history, *The Telling Room* is an astonishing work of literary nonfiction by one of our most accomplished storytellers. A moving exploration of happiness, friendship, and betrayal, *The Telling Room* introduces us to Ambrosio Molinos de las Heras, an unforgettable real-life literary hero, while also holding a mirror up to the world, fully alive to the power of stories that define and sustain us. Praise for *The Telling Room* "Captivating . . . Paterniti's writing sings, whether he's talking about how food activates memory, or the joys of watching his children grow." —NPR

Choose This Day Jul 25 2019 As Ruben Wells kneels with a gun pointed at his head all he can do is reflect on the life he spoiled. What has led him here? Was it his willingness to always try to do the right thing that has him staring at the barrel of a gun? Or was that he was too much of a people pleaser having a hard time saying no that has led to him begging for his life? Every thing begins and ends with a choice. The moment a choice is made it only takes a second for a life to change. Ruben made a choice to initiate a relationship with the alluring Bianca Jones. She makes heads turn and every man's dream. She is beautiful as a gazelle, but as dangerous as a lioness, as she's unavailable due to being unhappily married with children. Being married doesn't keep her from wanting to pursue Ruben as well as being pursued by him. Getting involved with Bianca changes Ruben's life in ways he never could have imagined. Choices are a gift constantly given to everyone. The choices made lead to different paths. We all have to choose this day what we're going to do with our own lives not knowing what the end result will be. What kind of impact will Ruben's choices have on his life?

Things Past Telling Jul 05 2020 The author of *The Secret Women* tells the story of a brave and enduring woman as indomitable as Ernest Gaines' legendary Miss Jane Pittman, in a breathtaking novel that combines the epic romance and adventure of *Outlander*, the sweeping drama of *Roots*, and the haunting historical power of *Barracoon*. *Things Past Telling* is a remarkable historical epic that charts one unforgettable woman's journey across an ocean of years as vast as the Atlantic that will forever separate her from her homeland. Born in West Africa in the mid-eighteenth century, Maryam Prescilla Grace—a.k.a. "Momma Grace"—will live a long, wondrous life marked by hardship, oppression, opportunity, and love. Though she will be "gifted" various names, her birth name is known to her alone. Over the course of 100-plus years, she survives capture, enslavement by several property owners, the Atlantic crossing when she is only eleven years of age, and a brief stint as a pirate's ward, acting as both a spy and a translator. Maryam learns midwifery from a Caribbean-born wise woman, whose "craft" combines curated techniques and medicines from African, Indigenous, and European women. Those midwifery skills allow her to sometimes transcend the racial and class barriers of her enslavement, as she walks the razor's edge trying to balance the lives and health of her own people with the cruel economic mandates of the slave holders, who view infants born in bondage not as flesh-and-blood children but as investment property. Throughout her triumphant and tumultuous life Maryam gains and loses her homeland, her family, her culture, her husband, her lovers, and her children. Yet as the decades pass, this tenacious woman never loses her sense of self. Inspired by a 112-year-old woman the author discovered in an 1870 U.S. Federal census report for Ohio, loosely based on the author's real-life female ancestors, spanning more than a hundred years, from the mid-eighteenth-century to the end of America's Civil War, and spanning across the globe, from what is now southern Nigeria to the islands of the Caribbean to North America and the land bordering the Ohio River, *Things Past Telling* is a breathtaking story of a past that lives on in all of us, and a life that encompasses the best—and worst—of our humanity.

*Rural Rides* Aug 18 2021 *Rural Rides* is the book for which the English journalist, agriculturist and political reformer William Cobbett is best known. At the time of writing *Rural Rides*, in the early 1820s, Cobbett was a radical anti-Corn Law campaigner. He embarked on a series of journeys by horseback through the countryside of Southeast England and the English Midlands. He wrote down what he saw from the points of view both of a farmer and a social reformer. The result documents the early 19th-century countryside and its people as well as giving free vent to Cobbett's opinions

Now They Tell Us Oct 20 2021 Michael Massing describes the American press coverage of the war in Iraq as "the unseen war," an ironic reference given the number of reporters in Iraq and in Doha, Qatar, the location of the Coalition Media Center with its \$250,000 stage set. He argues that a combination of self-censorship, lack of real information given by the military at briefings, boosterism, and a small number of reporters familiar with Iraq and fluent in Arabic deprived the American public of reliable information while the war was going on. Massing also is highly critical of American press coverage of the Bush administration's case for war prior to the invasion of Iraq: "US journalists were far too reliant on sources sympathetic to the administration. Those with dissenting views—and there were more than a few—were shut out. Reflecting this, the coverage was highly deferential to the White House. This was especially apparent on the issue of Iraq's weapons of mass destruction .... Despite abundant evidence of the administration's brazen misuse of intelligence in this matter, the press repeatedly let officials get away with it." Once Iraq was occupied and no WMDs were found, the press was quick to report on the flaws of pre-war intelligence. But as Massing's detailed analysis demonstrates, pre-war journalism was also deeply flawed, as too many reporters failed to independently evaluate administration claims about Saddam's weapons programs or the inspection process. The press's postwar "feistiness" stands in sharp contrast to its "submissiveness" and "meekness" before the war—when it might have made a difference.

Rosie's Daughters Jun 15 2021 In *Rosie's Daughters*, Matilda Butler and Kendra Bonnett have written an inspiring collective memoir of the generation of women who excelled at "firsts." These women, born during World War II, were shaped by and then helped to shape the American historic, economic, political and socio-cultural landscape. They were the pioneers who charted the paths for the Boomer generation. From the vantage point of their sixties, they share their experiences and insights with their own and younger generations. The figurative mother of this generation, Rosie the Riveter, is a mythic figure in our culture, with good reason—she built ships, flew bombers and filled thousands of other essential wartime jobs, upending traditional views of "women's work." When the war was over, however, American industry thanked Rosie and sent her home. Rosie, who had known the economic

dislocations of The Depression and the employment and service opportunities of the war period, raised her daughters with a mixed message — stay home as wife and mother — be prepared “ in case. ” Rosie’s Daughters grew up and flung wide the doors of employment opportunity that Rosie had unlocked. These women can claim more career “ firsts ” and greater socio-cultural change than any previous generation. Their stories, recounted in Rosie’s Daughters, show how the post-war education boom, the sexual revolution and the Pill, civil rights and gender equality, the Vietnam War, NOW and consciousness raising, Roe v. Wade, no-fault divorce and other momentous events influenced their lives and shaped their remarkable journeys. The book is a unique combination of personal stories, research, history, photography and the authors’ reflections, engagingly written and beautifully presented. This is social history without the turgid prose, a compilation of interviews without the annoying interruption of flow—even a motivational book without the saccharine—in the appealing voice of perceptive authors. Rosie’s Daughters will make you laugh and occasionally cry as you read the personal struggles and achievements of this remarkable generation of women who continue to influence our world. Learn from the lessons of their lives as you shape your future.

Principle Or Profit Apr 01 2020 Ever since Malcolm James was a child, cold blooded murder has played a significant part in his life. Whether it be from both of his parents being brutally assassinated right in front of him, or having blood on his own hands, murder has been his reality. Constantly haunted and consumed by his own actions, the only thing stronger than Malcolm’s thirst for blood, is his hunger for money and power! Flooding the crime ridden and gang infested inner city streets of Denver, Colorado with Cocaine and pounds of Kush, grindin, as his “Gang Green” squad of misfits commit robberies, mayhem and murder while on their way to the top. However, the sudden murder of Malcolm’s friend and right hand man, not only cause the homicide rate to shoot through the roof, but also derails their mission. All while Malcolm battles with a dark secret brewing deep down inside, at which only “Tear Drop and Buds” are able to recognize and tame. Both OG’s in the game graduating to bosses of a mountain west and west coast black underworld syndicate, whom eventually put Malcolm on the payroll as a triggerman, which of course leads to more problems, money, women, and deadly consequences. Why Principle or Profit you ask? Because nine times outta ten every time a life is taken out in these streets, it’s a direct result of one or the other. To profit is self explanatory; however, principle could be ones personal belief, or even a weak emotion like jealousy and greed, to killing over territory, a debt, turf, stripes, or other principles of the streets. At the end of the day we all gotta go, so which one are you willing to die for?

The 5 Levels of Formality May 03 2020 Have you ever experienced the following? A new, fired-up distributor joins your business, excited about the opportunity to change their life circumstances for the better. They “get” the business, they know what they have to do to make a success of it and they can’t wait to get started. Equally, you’re excited about your new recruit. You feel that you’ve finally found “the one” person that is going to take the business seriously, someone you can work with, someone who is going to stick around no matter what. Within a few short days/weeks, they’re no longer taking your phone calls or replying to your messages. You’re eager to catch up with them because the customers they promised to sign up never showed on your system, and the new recruits failed to materialise. What happened? Where did it go wrong? In the eager and enthusiastic rush to get into action with their Network Marketing business, new distributors often fall at the first hurdle and suffer rejection, ridicule and resistance because not enough forethought is put into what they are going to say to prospects before they say it. In Network Marketing, we do a fantastic job of equipping distributors with skills and systems that will help them to jump the ‘hurdles’ that they’ll encounter throughout their Network Marketing career; from writing their list to overcoming objections, closing techniques, presentation skills, coaching, leadership principles... Indeed, we seem to have a proven system for all of these areas of the business - and they work fantastically well, in the main! Strangely, for some reason, we don’t seem to have any such system for helping distributors make initial sense of their contact list. By reading this book, you will learn: How, when it comes to prospecting scripts, one size does not fit all How to prospect everyone on your contact list using an approach that is based upon your existing relationship with them How to overcome the mental brick wall that many distributors hit when deciding who to contact first How to go back to people who you’ve already “blown out”! How to reframe your thinking about your contact list before blowing them out! How to approach your closest family and friends and avoid coming across as “salesy” or weird, given that “you only get one chance to make a first impression” How to overcome the fear of making the initial contact with people on your list How to clear the fog of who to approach first - and why How to identify and maximise prospecting opportunities that arise within your everyday life How to develop relationships with people, over time, that will make it feel completely natural to share your business opportunity with them How to get prospects to ask you about your business How to successfully approach those intimidating people on your chicken list How to get your new team members into action and off to a resistance-free start How to reduce the chances of new team members quitting by teaching them skills that will get them off to the best possible start How to embrace rejection by building an effective “No For Now” list. How to duplicate these philosophies and skills through your team How to minimise resistance, suspicion and ridicule from the people who know you best How to combat the fear of approaching people with the help of helium balloons! Written as a story, based on real-life events, we follow the transformation of Sam Hirst on his rollercoaster journey - from the highs of being an excited new distributor, to the lows of personal rejection, disillusionment and frustration - and finally through to becoming an accomplished and successful Network Marketer.
