Il diritto della Chiesa e le sue tensioni alla luce di un'antropologia teologica Nov 25 2019 Partendo dalla constatazione che esistono all'interno del diritto ecclesiale polarità in reciproca relazione che non si risolvono in un dettato normativo pienamente armonico e privo di problematicità, questo lavoro intende verificare se già l'uomo alla luce della rivelazione cristiana presenta in se stesso quegli elementi di giuridicità che consentono e rendono ragione dell'esistenza di tensioni all'interno del diritto della Chiesa. Si analizza il pensiero antropologico di Hans Urs von Balthasar emerge che l'uomo creato e redento in Cristo presenta elementi di tensione dovuti all'incontro tra la sua stessa libertà finita e la libertà infinita di Dio.

With little notice, the city's children are evacuated on trains that are meant to take them to safety. Shockingly, Viktor and Nadya are separated, and disaster befalls them both. As the terrible conflict rages, each embarks on a desperate race across snow and ice, struggling through the destruction in an effort to be reunited. Their chances are slim, but they never lose hope. Modern Architecture and its Representation in Colonial Eritrea Jun 20 2019 Modern Architecture and its Representation in Colonial Eritrea offers a critical assessment of architecture and urbanism constructed in Eritrea during the Italian colonial period spanning from 1890-1941. Drawing together imperial projects, modernist aesthetics, and fascist motives, the book examines how the merger of these three significant influences yielded a complex built environment that served to emulate, if not redefine, Italian colonial pursuits. As Italy's colonia primogenità or 'first born colony', Eritrea and its capital, Asmara, not only bore witness to the emergence of politicized interiors and international expositions, the colony became a vehicle that polarized issues of race and gender. Exploring discourses of modernity in Africa, this book moves between histories of architecture, urbanism, literature and media to describe how Eritrea and Asmara became a crucial fulcrum for Italy's ill-fated pursuits in Ethiopia and other neighboring countries. Consequently, modern architecture inscribed Eritrean subjectivities while redefining technologies that affected constructions of the colonial interior. Modern Architecture and its Representation in Colonial Eritrea demonstrates how architecture in Asmara reshaped the creation and reception of Italian East Africa.

Contemplation and Incarnation Mar 10 2021 Relying on both Chenu's previously unpublished materials and his many publications, Christophe Potworowski examines the role of faith and contemplation in the Dominican life and in theology as well as considering the historical and social dimensions of the human situation in terms of individual and ecclesial existence. He discusses the prophetic role of the theologian and some of the problems this involves. Potworowski raises the question of how incarnation as an overall structure is related to the particularities of Christology and provides insights into the development of Catholic theology in the crucial period leading to Vatican II. The accompanying bibliography of Chenu's complete writings, unavailable elsewhere, is a valuable instrument of theological research.
