**Self-Made Man** Sep 16 2021 A journalist's provocative and spellbinding account of her eighteen months spent disguised as a man. Norah Vincent became an instant media sensation with the publication of Self-Made Man, her take on just how hard it is to be a man, even in a man's world. Following in the tradition of John Howard Griffin (Black Like Me), Vincent spent a year and a half disguised as her male alter ego, Ned, exploring what men are like when women aren't around. As Ned, she joined a bowling team, took a high-octane sales job, went on dates with women (and men), visited strip clubs, and even managed to infiltrate a monastery and a men's therapy group. At once thought-provoking and pure fun to read, Self-Made Man is a sympathetic and thrilling tour de force of immersion journalism.

**Revival: Beethoven (1933)** Aug 03 2020 The original intention was that this book should be entirely biographical. If it be true, however, that our main interest is (or ought to be) in what a composer did rather than in what he was, the truth applies especially to Beethoven, and above all at the present time. The scheme of the book has therefore been modified so as to include a survey of his work. An attempt to make such survey cover the whole of Beethoven's output would result in little more than a catalogue, with annotations to brief as to convey hardly anything of the essential quality of the music. It seemed, therefore, that the limited space would be best used, and the needs of the general reader more fully met, by a much less rigid and comprehensive method. My aim has been to indicate some, at least, of the more important characteristics of Beethoven's works, and to show their influence on his successors.

**Interpreting Life** Oct 17 2021 Interpreting Life depicts one Christian woman's struggle to determine her place in the home and church as the traditional roles of the 1950s gave way to the chaos created by the social movements of the 1960s and 1970s. Burke's lengthy journey brought her from a state of confusion to a conscious awareness of the effects of her cohort, conservative religious beliefs, and close relationships on her personal and spiritual development. From childhood, she worshipped with a church where submission scriptures in the New Testament were taken literally and women were not allowed to participate in any public leadership roles such as leading prayers and songs, teaching adults, or preaching. As society changed and women gradually acquired leadership roles in other organizations, these church practices became more stifling, preventing many conservative women from using their God-given talents. Because of her marriage to a minister, where she felt her family was living in a glass house, it became exceedingly frustrating to adhere to traditional religious values. Throughout this process, their marriage relationship was repeatedly challenged, but their commitment to each other and the church helped them resolve their differences and work together to reinterpret women's roles in the church. Journal writing was the technique used to make sense of the contradictions and internal conflict experienced as this Christian woman attempted to remain faithful to her religious beliefs and yet develop to her full potential. Excerpts from over thirty years of writing reveals the strategies Burke employed to remain positive and productive as family and church priorities took precedent over her own dreams.

Ludwig van Beethoven (1927) Jul 02 2020 This volume was first published in 1927, on the centenary of Beethoven's death, as part of the Masters of Music series. The author was an established biographer of organ composers, such as The Organ Works of Bach. Attributing Beethoven's disagreeable demeanour to his childhood, the author embarks on a passionate defence of Beethoven's essential nobility of character, hoping to assuage the then-prevalent anti-Beethoven chill and to encourage readers to discover Beethoven anew. The volume covers an overview of Beethoven's life, followed by his personality and an assessment of his works in an exploration of the most important characteristics of Beethoven's works and their influence on his successors.

**The Woman Who Smashed Codes** Oct 05 2020 National Bestseller NPR Best Book of the Year "Not all superheroes wear capes, and Elizebeth Smith Friedman should be the subject of a future Wonder Woman movie." —The New York Times Joining the ranks of Hidden Figures and In the Garden of Beasts, the incredible true story of the greatest codebreaking duo that ever lived, an American woman and her husband who invented the modern science of cryptology together and used it to confront the evils of their time, solving puzzles that unmasked Nazi spies and helped win World War II. In 1916, at the height of World War I, brilliant Shakespeare expert Elizebeth Smith went to work for an eccentric tycoon on his estate outside Chicago. The tycoon had close ties to the U.S. government, and he soon asked Elizebeth to apply her language skills to an exciting new venture: code-breaking. There she met the man who would become her husband, groundbreaking cryptologist William Friedman. Though she and Friedman are in many ways the "Adam and Eve" of the NSA, Elizebeth's story, incredibly, has never been told. In The Woman Who Smashed Codes, Jason Fagone chronicles the life of this extraordinary woman, who played an integral role in our nation's history for forty years. After World War I, Smith used her talents to catch gangsters and smugglers during Prohibition, then accepted a covert mission to discover and expose Nazi spy rings that were spreading like wildfire across South America, advancing ever closer to the United States. As World War II raged, Elizebeth fought a highly classified battle of wits against Hitler's Reich, cracking multiple versions of the Enigma machine used by German spies. Meanwhile, inside an Army vault in Washington, William worked furiously to break Purple, the Japanese version of Enigma—and eventually succeeded, at a terrible cost to his personal life. Fagone unveils America's code-breaking history through the prism of Smith's life, bringing into focus the unforgettable events and colorful personalities that would help shape modern intelligence. Blending the lively pace and compelling detail that are the hallmarks of Erik Larson's bestsellers with the atmosphere and intensity of The Imitation Game, The Woman Who Smashed Codes is page-turning popular history at its finest.

As a child, Madden lived a life of extravagance, from her exclusive private school to her equestrian trophies and designer shoe-brand name. But under the surface was a wild instability. The only child of parents continually battling drug and alcohol addictions, Madden confronted her environment alone. Facing a culture of assault and objectification, she found lifelines in the desperately loving friendships of fatherless girls. With unflinching honesty and lyrical prose, spanning from 1960s Hawai'i to the present-day struggle of a young woman mourning the loss of a father while unearthing truths that reframe her reality, *Long Live the Tribe of Fatherless Girls* is equal parts eulogy and love letter. It's a story about trauma and forgiveness, about families of blood and affinity, both lost and found, unmade and rebuilt, crooked and beautiful. **Me and Blue** Mar 30 2020 In 2020 the Covid pandemic was happening rapidly, changing everyone's life. Stores closed, there was a shelter in place for a whole year and death filled the air spreading like wildfires on a hot windy day. News ran its course, families were destroyed, healthcare workers at their breaking point. Hell happened while political monarchy surrounded the world. What were we to do? A time for reflection and reevaluation. Only jobs available were of three choices, Amazon, Federal Express and Doordash. Families trapped with each other, forcing love and patience to develop. Parents celebrating their precious moments that were lost in the hustle and bustle of the working world. Time stopped, not knowing what day was coming. Society began to change rapidly, and fear lit up the sky. Prayers lined up asking, "God save me!" We had to look at ourselves in all its chaos through a cracked mirror of the unknown. Personally, I grabbed my laptop to save me. It was my therapy. My mind began to settle with the notion of peace amongst the tragedy we faced. An idea flew along, to find an outlet for all these emotions. A calm summer day I started reading and posting poems of all types, pretty much the steppingstones of my journey through what we call life. I brought out real issues, fun, and fantasy as a place to escape from reality. My creativity got bigger, so I started my own poetry group called Language From The Heart Poetry. During this adventure I met a wonderful human who enjoyed my art of poetry as much as I did. A man known for his own phenomenal works of writing in all forms. Also known as the man with the golden pen. He was intelligent and had brilliant status, I was pleased. Poetry connects people because it is the language, we all have in our hearts. This man and I spoke the same language. The camaraderie of poetry bonded us. An incredible friendship developed, and a working/writing collaboration began. Our work was full of passion. So, I asked him to partner with me on making an art site where we can share literature, music, and storytelling in all forms. He gladly accepted. Thank you to my friend and coauthor Mr. Dost Muhammad Rajper. We realized we were meant to collide in this common journey. Our art combined expressed some of the most brilliant pieces of poetry work I have ever seen. We realized we are better together. The book therefore began its journey to infancy, "Me and Blue".
