Pearl-Maiden Nov 03 2022 A tale of the fall of Jerusalem.

Adventures in the Ancient World Sep 20 2021 The third volume in this stunning series of adventures in the distant past Rider Haggard is one of the most famous authors of adventure fiction in the English language. Almost everyone has heard of Allan Quatermain—the hero of King Solomon's Mines—and the beautiful, ruthless, magically immortal Ayesha-She 'who must be obeyed.' All of Haggard's novels and stories featuring both characters are available in handsome Leonaur editions. Haggard was a prolific writer so it is not surprising that only a few of his titles are widely known—and read-by an audience which would enjoy them all. The essential elements of his most famous creations—the great African continent and ancient civilisations, mysterious and exotic, mythical, imagined or real, are combined in a number of his novels and stories and these too have now been collected by Leonaur into a special four volume set-African Adventures. Readers will therefore be unsurprised to learn that Haggard could not resist writing a number of tales about ancient civilisations, or that in these he naturally gravitated towards the most evocative of them all—the world of the Ancient Egyptians and the other peoples of the Mediterranean and the Middle East. This is a stunning body of fiction which Leonaur has gathered together into a four volume set—each successive volume following a chronological time-line along the sweeping march of history. Volume three of this four volume collection is very substantial—containing three stories of Haggard's vision of the ancient world. The World's Desire, the first novel in this volume and fifth in the series takes place in of Ancient Greece. This is a mythical and magical adventure with elements of the fantastical which Haggard aficionados will recognise and relish. The second story, 'Elissa, ' is a shorter work which features a Phoenician colony in Africa, while the final novel in this volume focuses around the turbulent period when Jerusalem fell to the invading Roman Empire.

Available in soft cover and hard cover with dust jacket for collectors.

The Ghost Kings By H. Rider Haggard Jul 07 2020 The original plot for this book was worked out by Haggard in collaboration with Rudyard Kipling. A novel of fantasy and the supernatural, set amongst the Zulu tribes in what is now South Africa. The author wrote, "The Zulus have a strange story of a white girl who in Dingaan's day was supposed to 'hold the spirit' of some legendary goddess of theirs who is also white. This girl, they say, was very beautiful and brave, and had great power in the land before the battle of the Blood River, which they fought with the emigrant Boers. Her title was Lady of the Zulus, or more shortly, Zoola, which means Heaven." This is her story.
